

MIRALITE® EASYSAFE

List of glues & tapes, that have been favorably tested based on adhesion and compatibility performance using an internal testing procedure.

▪ **GLUES:**

Glue	Brand	Reference	Recommended with EASYSAFE
Glue	Bostik	Bostik MSP 108	OK
Glue	CRL Evergrip	CRL Evergrip Mirror Adhesive EG310	OK
Glue	DanaLim	DanaLim Turbo Tack 291	OK
Glue	DL Chemicals	DL Chemicals Paracol Miroseal MS	OK
Glue	Dow Corning	Dow Corning Dowsil 817 Mirror Adhesive (High Modulus)	OK
Glue	Fratelli Zucchini	Fratelli Zucchini MS Super	OK
Glue	Hodgson	Hodgson Mirror Adhesive	OK
Glue	Kawo	Kawo SK86 Transparent	OK
Glue	Krafft	Krafft Silkraf Espejos	OK
Glue	Lakma	Lakma Do Luster/Modesil L	OK
Glue	Otto-Chemie	Otto-Chemie Ottocoll S16	OK
Glue	Torggler	Torggler Mirror	OK

▪ **TAPES:**

Tape	Brand	Reference	Recommended with EASYSAFE
Tape	3M	3M 4026	OK
Tape	3M	3M 4032	OK
Tape	3M	3M 4910F VHB	OK
Tape	Lohmann	Lohmann DuploCOLL 918	OK
Tape	Bohle	Bohle Xtracryl	OK
Tape	Tesa	Tesa Powerbond	OK

The products, in the list above, are not manufactured by Saint-Gobain Glass France. However, they have shown good adhesion and compatibility with our MIRALITE EASYSAFE mirrors during our internal testing procedures.

The list of products above is not an exhaustive list of all products compatibles with our mirror MIRALITE EASYSAFE. For some products, the manufacturer may update the formulation of the glues or adhesives without notifying us. As a result, we cannot guarantee the consistent adhesion performance of these products or other products outside of the list of recommendation. To ensure optimal results, we strongly recommend conducting your own adhesion and compatibility tests before final installation. We advise you to strictly follow the adhesive manufacturer's instructions.
